

TRUCKMATE®

Concrete Deck

Truck Scale Overview

**Built to Perform
Better and Longer**

METTLER TOLEDO

Concrete Deck Provides Long Life, Reliable Service

Over-The-Road Concrete Deck Product Matrix

Model	Profile	Width	Length	CLC	Capacity	Cell Type	Duty Cycle	Finish	NTEP COC #
7560	11.5"	10' or 11'	10' to 160'	60,000 lb	200,000 lb*	22.5I POWERCELL	Commercial	Standard	88-243
7560	11.5"	10' or 11'	10' to 160'	60,000 lb	200,000 lb*	25I MTX	Cycle	Premium	88-243

* Scales <17'6" will have a capacity of 120,000 lb

Truckmate CD scales are designed and factory built to give you the years of reliable service that you expect from Mettler Toledo. The composite design of its weighbridge uses concrete and steel, each to its best advantage...steel in tension and concrete in compression. Utilizing maximum efficiency in materials and strength, the bottom pan is a structural member, not just shoring for the concrete. Internally full-length formed L-beams combine with the concrete and work in combination for minimum deflection and long life.

Precision assembly fixtures and robots assure you that every module is fabricated to the highest manufacturing standard, each and every time. Completed modules are shot-blasted and painted in our factory-controlled environment for a durable, long-lasting finish. Our pour-in-place design is easy to install. If you choose, our unique delivery trucks and trained

technician/drivers are equipped to make the installation of delivery, or you can do it at your convenience.

Easy to maintain, all serviceable components can be accessed from the top of the scale. For pit installations, manholes can be added, providing full access.

Options include side rails to guide trucks over the scale, and multi-axis configurations.

Approvals
TRUCKMATE scales meet or exceed requirements in accordance with the National Institute of Standards and Technology (NIST) Handbook 44. The Certificate of Conformance (COC) is identified in the product matrix. These scales have also received Factory Mutual System approval for use in hazardous areas when used with other approved METTLER TOLEDO hazardous area devices.

ISO 9001

This product was developed, produced and tested in a METTLER TOLEDO facility that has been audited and registered according to international (ISO 9001) quality standards.

For questions on concrete deck truck scales and technical matters, call your authorized METTLER TOLEDO distributor. Or visit our website: www.mt.com.

Modules are robotically welded
